KEEPING OUR CLIENTS AT THE CUTTING EDGE WITH TOMORROW'S SOLUTIONS TODAY

Does your transport management system deliver the following benefits?

- ➤ **Automation of all functions**
- ➤ **Simplified, streamlined operations**
- ➤ **Proven track record**
- ➤ **Savings in time, lower costs and fewer staff**

As well:

- ➤ Does your system allow you to **easily configure your specific requirements?**
- ➤ Can your **drivers and head office together manage processes and procedures?**
- ➤ Do your customers receive the advantages of **sign on glass, track & trace, allocation of jobs, web booking, pay per transaction, handheld mobile PDA** and lot's more? (See more on www.besttransportsoftware.com.au.)
- ➤ Do you have the option of using a hosted server where **you only pay for each delivery?**

You'll receive these and many more benefits and features when you use **TPLUS™ Transport Management Software.** You'll also gain the added advantage of our commitment to **maintaining a personal relationship with your organisation** and our mission to *keeping clients at the cutting edge with tomorrow's transport software solutions today.*
